iDuo High Performance USB 3.1 Flash Drive with Lightning® Connector

- Dual connectors: Lightning, USB 3.1
- Compatible with iPod®, iPhone®, iPod touch®, Mac® OS, PCs
- Super-fast transfer speeds
- Large storage capacity for photos, videos, music, files backup
- Use to charge your mobile device when connected to USB power source
- MFI certified
- Lightning transfer speed: up to 25/10 MB/s
- USB transfer speed: up to 120/20 MB/s

Portable External SSD

- Large capacity, ultra-fast transfer
- Compatible with Windows®, Mac® OS, Android™
- Read speed up to 410MB/s, write up to 390MB/s
- Interface: USB 3.1, backward compatible with USB 2.0
- Included USB cable
- Limited 3 year warranty

72-in-1 Reader/Writer

- 6 slots support all memory cards
- USB 2.0 for high speed read/write capability
- Compact footprint and durable rubberized exterior makes it ideal for use at home, in the studio or on location
- Easy plug & play installation

SD Card Reader/Writer

- Compact footprint and durable rubberized exterior
- Compact design - bulk package

Memory Card Wallet

- Durable ballistic nylon exterior and wallet-like interior protects and organizes up to 3 memory cards
- Mesh pockets keep memory cards secure and separate from other accessories
- Padded for extra protection
- Water resistant

Double (Dual) Battery Charger

- Interchangeable snap in plates let you customize unit to charge two different model batteries, or two of same model batteries simultaneously
- Intelligent LED status indicators for real time charging progress
- Dual quick charge one or two batteries simultaneously
- Designed for today’s “memory free” battery formulations
- Double up your power, save time!
- AC & DC chargers included

Universal Dual Battery Charger

- Safely charge li-ion camera batteries
- LED indicator light
- Charge an extra battery while using your camera battery
- Choose either 120 volt or 12 volt power source
- Included European adapter plug
- Included AC Power Adapter Kit

AC Power Adapter Kit

- This kit allows you to power your camera from an AC outlet useful for lengthy studio shoots with no need to continuously replace and recharge multiple batteries.
- Includes a DC coupler to attach to the camera’s battery port, an AC adapter to convert the power, and an AC wire to plug into the outlet.
- Adapters: 120-30V and UK & EU plug adapters included
- Canon ACK-E18
- Canon ACK-E10
- Canon ACK-E6
- Canon ACK-E8
- Nikon EN-EL5 + EP5B
- Nikon EN-EL14, EN-EL15, EN-EL19
- GoPro® Hero 3, 3+

- Polaroid Memory Storage
- New Item
- Polaroid Memory Storage | Batt. Chargers
- Memory Card Reader/Writer
- SD Card Reader/Writer
- High Speed SD Card Reader / Hi-Speed USB
- OTG/USB Multi-Function SD/MicroSD Card Reader/Writer

Underwater Housing For Point & Shoot With Lens & Without Features & Benefits
- Rugged, yet flexible industrial grade plastic housing protects while allowing full access to all key features
- Sealed gasket for added protection
- Depth tested to 30’ (10m)
- Housing material optimized for underwater flash use

Floating Wrist Strap for Underwater Cameras / Camcorder & Housings for Point & Shoot Cameras Features & Benefits
- Low buoyancy
- High visibility
- Scuba gear attachment loop
- Detachable camera loop
- Locking wrist strap adjuster

Waterproof Bag for SLR Camera Features & Benefits
- Dive-rated waterproof pouch for various digital SLR cameras
- Waterproof underwater pouch usable up to 30 feet (10M)
- UV protected polycarbonate on the lens for clear pictures
- Transparent soft cover supporting all kinds of operation on camera
- Ideal for taking pictures in the rain, at the beach, or on the ski slopes etc.
- Easy to use. Includes neck strap

Weather Shield Features & Benefits
- Protects both the camera and flash from rain, snow, and windblown dust.
- Rear zipper allows easy camera insertion
- Locking stitching snaps up the lens protector and the user’s sams
- Generous, clear flash cover with built-in diffuser

Dive Rated Waterproof Underwater Housing Case Features & Benefits
- High impact, polycarbonate case
- Photo quality viewing glass
- Usable up to 40 meters (130ft)
- Camlocks to ensure a watertight seal
- Protects your camera out of water from mud, dust, snow and rain
- Provides easy access to all camera controls and functions

Stabilizer Bar for Waterproof Camera Housings Features & Benefits
- Corrosion-free materials used throughout
- Rock-solid camera control
- Designed to work with Polaroid waterproof camera housings

PLWPCSTA
42” Travel Tripod

Features & Benefits
- 8 Section collapsible stainless steel legs with non slip rubber feet
- Legs extend and easily twist clockwise into a locking position, counterclockwise to unlock
- Extends to 42” and collapses to just 11”
- Weighs about one pound; supports 2 pounds
- Unique control handle does all: panning, tilting, leveling, locking and unlocking
- Horizontal or vertical camera mounting
- Includes protective carrying case

50” Inch Photo/Video Tripod

Features & Benefits
- Multi purpose locking pan head makes unit ideal for camcorder users as well
- Weighs under 2 pounds and retracts to under 17 inches for anytime/anywhere portability
- Locking braced center column
- Scuff-proof rubber feet increases stability and traction on uneven surfaces
- Carrying case included

57” Inch Photo/Video Tripod

Features & Benefits
- Ergonomically designed, built-in carrying handle plus no sweat foam grips
- Exclusive double bubble dual levels
- Locking braced center column with convenient hook & carrying handle
- Multi purpose pan head ideal for camcorder users
- Swivel-set rubber feet for spike-like traction & stability without damaging surfaces
- Three section, fully adjustable “traplock” legs with stay-set auto locking mechanism for fast and easy height adjustments
- Carrying case included

64” Inch Aluminum Tripod

Features & Benefits
- 64-inch maximum working height. Extremely stable mounting system
- Ultra smooth pan/tilt head. Quick-lock camera platform
- Dual bubble levels for extra precision. Removable center column with weight hook
- Weights just 4.4-lbs; holds 7.6-lbs. Foam padded upper leg sections

67” “Combo” Professional Tripod

With Built-In Removable Monopod

Features & Benefits
- 67” maximum working height, 53” monopod height
- Extremely stable mounting system w/ ultra smooth ball head. Quick lock camera platform
- Foam padded upper leg sections. Includes additional quick-release plate
- Solid rubber tipped legs with retractable spikes
- Bubble level & compass
- Includes deluxe carrying case

72” Inch Photo/Video Professional Tripod

Features & Benefits
- Industrial grade materials and construction provide maximum stability and versatility in a variety of situations regardless of equipment
- Ergonomically designed, built-in carrying handle plus no sweat foam grips
- Dual bubble levels on both head and base for straight shooting in all situations
- Extends to a full 6 feet yet weighs under 4 pounds and retracts to just 28 inches for anytime-anywhere portability
- Additional quick release plate included for fast switching between cameras and equipment
- Locking, braced center column features convenient carrying handle and accessory hook for added stabilization, metering equipment , digital recorders, etc.
- Multi purpose pan head makes this ideal for video-a-plications
- Swivel-set rubber feet deliver spike-like traction & stability without damaging surfaces
- Three section fully adjustable legs with stay-set auto locking mechanism for fast and easy height adjustments
- Carrying case included

65” VariPod

Features & Benefits
- 2-in-1: monopod & tripod base can be used independently or together
- Locking tripod feet with rubberized grip pads for enhanced stability
- Monopod extends to 65”; tripod on its own lifts 53”
- Solid rubber tipped legs with retractable spikes
- Bubble level & compass
- Includes deluxe carrying case

64” Carbon Fiber Monopod

Features & Benefits
- 100% carbon fiber tube design is 50% lighter than metal, yet every bit as rigid & durable
- 5 section locking tripod feet engineered for easy precision setting
- Compact and lightweight for take anywhere convenience, yet extends to 65”
- Solid rubber tipped legs with retractable spikes
- High density no sweat foam grip
- Standard tripod mount accepts virtually all cameras, camcorders, slave lights, remote devices and boom mics
**PLTRI8 8” Tripod**

**Features & Benefits**
- Provides support and stability for cameras, webcams, imaging devices, etc.
- Mini ball head delivers 360° pan and 90° tilt
- 3 sections, rubber tipped legs extend from 5” to 8”

**PLTRIC 65” & 75” Carbon Fiber Tripod with Ball Head**

**Features & Benefits**
- 100% carbon fiber tube design is 50% lighter than metal, yet every bit as rigid & durable
- Includes fully articulating ball head with removable plate
- 5 section tripod legs engineered for easy precise setting
- Unique internal gasket design prevents dirt & grit from getting into leg sections
- Individually adjustable spider leg construction
- Enables shooting close-ups or on uneven terrain easy
- Solid rubber tipped legs with retractable spikes
- Locking center column with accessory hook for added stability
- Padded case included

**PLTRIT 65” & 75” 30° Rotating Ball Head**

**Features & Benefits**
- Medium sized pro-grade tripod; approximately 1/2” tall when folded
- 3 independently flexible legs feature perpendicular, free-moving step joints
- Super grippy rubber rings hold onto poles/rods, countertops, shelves & more
- Bi-angled rubber tipped feet for enhanced image stability in any shooting position
- Freely rotating, lockable ball head; rubber pad-covered camera platform

**PLTRISWP**

**PLTRIG**

**PLTRIAD**

**Shoe Mount Tripod Adapter**

**Features & Benefits**
- This adapter allows devices with standard 1/4”-20 screw hole to be installed on a flash hot shoe slot
- It can be used as a monitor bracket or mounting LEDs, microphones or anything else that has a 1/4-20 receptacle
- Made out of sturdy pro-grade materials

**PLTRIBM**

**Action Mount with Ball Head**

**Features & Benefits**
- Attaches to bicycle, motorcycle handlebars
- Rubberized feet giving out handlebar protection
- Adjusts camera horizontally and vertically
- Dual straps secure it in place

**PLTRIBM**

**PLTRIG**

**PLTRIAD**

**Camera Extender/Self Portrait Handheld Monopod With Mirror**

**Features & Benefits**
- Works with all compact point and shoot digital cameras weighing up to one pound with a self-timer and tripod socket
- Collapsible down to 8 inches and extends to 37 inches
- Multi-position ball head with stabilizing lock
- See camera’s display screen via included mirror

**PLMONMR**

**PLMONBT**

**Snap and Wrap Flexi Tripod with 360° Rotating Ball Head**

**Features & Benefits**
- 100% carbon fiber tube design is 50% lighter than metal, yet every bit as rigid & durable
- Includes fully articulating ball head with removable plate
- 5 section tripod legs engineered for easy precise setting
- Unique internal gasket design prevents dirt & grit from getting into leg sections
- Individually adjustable spider leg construction
- Enables shooting close-ups or on uneven terrain easy
- Solid rubber tipped legs with retractable spikes
- Locking center column with accessory hook for added stability
- Padded case included

**PLTRIMINI**

**Flexible Mini Tabletop Tripod**

**Features & Benefits**
- Compact 5 inch length and convenient pocket clip make it the ideal “take anywhere” solution
- Universal tripod mount fits virtually all compact cameras as well as flash units, microphones, digital recorders and webcams

**PLTRIAD**

**PLTRISWP**

**Pistol Grip Tripod / Hand Pod**

**Features & Benefits**
- Standard tripod screw accepts standard photo/video products
- Ergonomically designed grip decreases filler when shooting video
- Combines the stability of a pistol grip with the convenience of a pocket sized tripod
- Locking tripod head with 110° of articulation
- Table-top feature great for cameras, camcorders, microphones etc.

**PLTRIAD**

**PLTRISWP**

**Bluetooth Camera Extender/Self-Portrait Handheld Monopod**

**Features & Benefits**
- Designed for both the pro photographer & the selfie-lover
- Built-in Bluetooth lets you remote control the shutter from the monopod
- Adds 40” of reach for virtually all camera devices
- Compact & lightweight for take-anywhere convenience
- Features standard tripod mount & detachable phone clip
- Designed with a micro-USB charging port

**PLMONBT**

**PLMONMR**

**65” & 75” Carbon Fiber Tripod with Ball Head**

**Features & Benefits**
- 100% carbon fiber tube design is 50% lighter than metal, yet every bit as rigid & durable
- Includes fully articulating ball head with removable plate
- 5 section tripod legs engineered for easy precise setting
- Unique internal gasket design prevents dirt & grit from getting into leg sections
- Individually adjustable spider leg construction
- Enables shooting close-ups or on uneven terrain easy
- Solid rubber tipped legs with retractable spikes
- Locking center column with accessory hook for added stability
- Padded case included
**Hot Shoe Two Axis Double Bubble Spirit Level**

*Features & Benefits*
- Spirit level / bubble level for camera’s hot shoe
- Easily identify if your camera is set up level on a tripod
- Beautiful crystal clear housing slips on a camera shoe mount or tripod thread

**Hot Shoe Three Axis Triple Bubble Spirit Level**

*Features & Benefits*
- Spirit level / bubble level for camera’s hot shoe
- Easily identify if your camera is set up level on a tripod
- 3 Axis – precise leveling

**3” Camera LCD Glass Screen Protective Cover For Digital SLR’s**

*Features & Benefits*
- Waterproof, corrosion-proof, dust-proof, scratch-proof, fingerprint-proof glass
- UV treated so it blocks UV rays while allowing 95% visible light transmission so the images you see are not affected
- It is easily mounted to your camera’s LCD screen with an adhesive backing

**Universal LCD Screen Protector**

- Great for digital cameras, video camcorders, cell phones, GPS devices, handheld games, and more
- 8:6 format: 1.7”, 1.8”, 2.0”, 2.2”, 2.5”, 2.8”, 3.0”, 3.5”, 4.0”
- 16:9 format: 2.4”, 2.7”, 3.5”

**Zoom/Focus Assist Handle**

*Features & Benefits*
- Easy on - Easy off
- One-finger operation
- Use for zooming or focusing

**Reflective Foreground Panels**

*Features & Benefits*
- Photograph small products with a reflective flair
- One white, one black panel
- Includes four magnetic feet

**3” Screen Shade**

*Features & Benefits*
- Fits most point-and-shoot cameras with 3” viewing screens
- Attaches with pressure-sensitive adhesive
- Greatly reduces the amount of light that reaches the camera’s viewing screen
- Colors look more vibrant
- Can be removed and reattached quickly

**Pro Video Condenser Shotgun Microphone**

*Features & Benefits*
- Electret condenser technology: sensitive to low volume sources
- Slide shoe mounting with wheel lock
- Lithium battery provides longer use
- Cardioid pickup pattern diminishes sound from behind
- User-selectable pickup angles choose either 90° or 120°
- Battery level monitor
- Windscreen included: great indoors and outdoors
- Lightweight

**Shotgun Microphone**

*Features & Benefits*
- Electret condenser technology: sensitive to low volume sources
- Shock mount included so no extra unwanted noises due to microphone movement
- Includes spare shock mount elastic bands
- 3” diagonal LCD screen

**Wireless Microphone System For SLR Cameras & Camcorders**

*Features & Benefits*
- Operates at 2.4GHz for maximum distance, stability and least battery drain
- Two-way communication, but only sound from transmitter can be recorded
- You can adjust the volume through VOL+ and VOL- volume control
- The lapel clip on transmitter makes it easy to carry
- Operating range up to 200 feet

**Omnidirectional Condenser Lavalier Microphone**

*Features & Benefits*
- For SLR Cameras, GoPro® Action Cameras & Camcorders
- Accurate voice reproduction and an omni pickup pattern that provides full coverage
- Electrode condenser technology: sensitive to low volume sources
- High-quality lightweight mic for all video use
- Integrated 4’ cable with 3.5mm mini plug for use with most cameras and camcorders
- 3.5mm - mini USB adapter is included for use with a GoPro Hero 3+, 3, 2 camera
- Mounting clip included for securing microphone to clothing or any material
- Foam windshield included: great for indoors and outdoors

**Professional Dual Stereo XY Condenser Microphone**

*Features & Benefits*
- Designed for use with DSLR cameras & camcorders
- Adjustable recording pattern from 90° or 120°
- Compact, lightweight design
- Two-step high pass filter
- Adjustable sound attenuation (±10dB,0dB)
- Adjustable recording level 3.5mm headphone and line-output
- Use the fur windscreen to cut down on wind noise pickup
- Integrated shock mount and shoe mount which has a threaded ¼”-20 socket allowing for off camera mounting

**Microphone Shock Mount with Dual-Mount Design**

*Features & Benefits*
- Simple, yet highly efficient design
- Accommodates tubular microphone bodies up to 1 inch in diameter
- Mounts two ways: Slide it into a camera’s hot-shoe or thread it on to a microphone stand
- Extra suspension bands included
- Can be aimed both horizontally and vertically
**Auto Focus Flash**

**Features & Benefits**
- Fully automatic design optimized for today's digital lenses, ultra compact design
- Auto focus assist lamp for accurate focusing even in low light situations, true TTL (through the lens) operation for seamless flash photography
- Internal tilt / bounce feature provides precise light control
- Guide no. 24M at ISO-100, fast 0.3 Second recycling time
- Auto sleep mode for more shooting time + less charging time

**Bare Bulb Flash**

**Features & Benefits**
- High power-flash output
- Fast recycle times
- High-speed strobe firing (12 flashes per second)
- Battery-saving circuits
- 8 Power ratios from full to 1/128 power
- Rear-curtain sync function for special effects
- Thermal overload protection circuitry

**Pro Flexible Flash Twin Macro Flash & 5600K LED Light**

**Features & Benefits**
- World's most powerful twin macro flash turn the night into the brightest day with the 5600K LED light together or separate for your macro photography
- Dedicated 8 levels of brightness controls easily enable the finest exposure results
- Independent power on/off each flash and / or LED
- Independent flexible arms help set up flash for accurate light applications
- Central/horizontal hinge offers a smooth (vertical) 270° tilting range
- Features hot shoe & PC port as external connections; runs on 4 AA batteries

### Tripod Collar Mount

**Features & Benefits**

- Tripod collar mount ring for the following lenses: Canon 70-200 f4, 300mm f4, 400mm f5.6.
- This unit will help you better balance the lens, and will make rotating much easier.

---

### Remote Controlled 360° Panorama Pan Head

**Features & Benefits**

- Included attachments support GoPro cameras, digital cameras & small SLR's with compact lens.
- Compact, portable design for freestanding operation or on tripod, slider, dolly etc.
- Durable rubberized exterior material makes for a sleek design and easy grip.
- Quick flip out stabilizing legs for strong stability and cool look.
- 1/4"-20 screw mounts camera; 1/4"-20 screw hole fits tripods, sliders etc.
- Included IR remote controls the panorama settings (5 speed modes, clockwise or counter clockwise movement, triangle mode-75°, 10 second intervals).
- Rechargeable 450mah battery offers 3 hours standby, 3+ hours runtime.
- Micro USB charging cable is included.

---

### Electronic Panorama Ball Head

**Features & Benefits**

- Supports GoPro cameras.
- Cameras & lightweight DSLR's (up to 1.5kg) — camera adapter compatible with GoPro cameras included.
- Compact & portable design for freestanding operation or on tripod/dolly.
- Rechargeable 1200mah battery offers 50 hours standby, 8+ hours runtime.
- 1/4" screw mount camera, 1/4" screw hole fits tripods, & sliders.
- Fine timing & degree settings for panorama shooting & time-lapse videos.
- Hard travel case is included for easy transport.

---

### Flash Diffuser - Hard Plastic

**Features & Benefits**

- Instantly eliminates uneven harsh lighting and "hot spots" caused by most flash units.
- Special formula ensures even diffusion regardless of shooting situation.
- Precision engineered to snap on & off flash head with ease.

---

### Soft Box Flash Diffuser

**Features & Benefits**

- Held in place with built-in elastic band, attaches in seconds.
- One size fits all.
- Creates soft, diffused light.
- Silver interior lining that increases contrast.
- Softens shadows.
- Can be used without the diffuser front for a bare bulb effect.
- Folds flat to conveniently fit in your gear bag.

---

### Universal Octagon Flash Diffuser

**Features & Benefits**

- Lightweight and folds flat.
- Friction mount with elastic hook & loop strap.
- Silver foil-like interior with additional diffuser cloth.
- Fits hot-shoe mounted flash guns up to two inches wide.
- Includes zippered storage case.

---

### Universal Gel Softbox Diffuser

**Features & Benefits**

- Provides soft, diffused light.
- Quick-mount hook & loop system.
- Fits most flash units.
- Includes 6 colored gels for special effects illumination.

---

### Color Cloth Flash Diffusers

**Features & Benefits**

- Held in place with built-in elastic band, attaches in seconds.
- One size fits all.
- 4 color diffusers included for maximum effect.
- Soft white, royal blue, rich red, warming.
- Creates soft, diffused light - softens shadows.
- Use flash in vertical or horizontal position.
- Folds flat to conveniently fit in your gear bag.

---

### Beauty Dish Diffuser & Accessories

**Features & Benefits**

- 6-inch dish creates soft light for portraits.
- Attaches easily to most top flashguns.
- Adjustable height (3 sections).
- Includes 3 colored filters, 1 neutral density filter, 3 honeycomb screens.
- Toolless installation and removal.

---

### Universal Snoot Diffuser

**Features & Benefits**

- One size fits most external flash units.
- Easy on and off with included clinch band.
- Accents a portion of a picture with soft light.
- Super lightweight.

---

### Beauty Dish Diffuser

**Features & Benefits**

- 6-inch dish creates soft light for portraits.
- Includes three interchangeable reflectors.
- Attaches easily to most top flashguns.

---

### Color Cloth Flash Diffusers

**Features & Benefits**

- Held in place with built-in elastic band, attaches in seconds.
- One size fits all.
- 4 color diffusers included for maximum effect.
- Soft white, royal blue, rich red, warming.
- Creates soft, diffused light - softens shadows.
- Use flash in vertical or horizontal position.
- Folds flat to conveniently fit in your gear bag.
### Video Light
**Features & Benefits**
- Eliminates dim, grainy video caused by insufficient lighting
- 3-watt white bulb and reflector produce even, balanced lighting
- Use during daytime shoots for enhanced color and detail
- Can also be used with digital still cameras that feature video mode
- Includes AC adapter and 2 AAA rechargeable batteries

### Universal Macro Ring Light-48 LED
**Features & Benefits**
- Cool even lighting
- Selectable light output: choose 24 or 48 LEDs
- Shoot as close as 1 inch
- Uses 3V power adapter or 2 AA (batteries not included)
- 6 Adapter rings included (49mm, 52mm, 55mm, 58mm, 62mm, 67mm)
- 48 LED - 5500k-6500k

### LED Macro Ring Flash & Light For Nikon or Canon
**Features & Benefits**
- Soft shadow free lighting
- 32 LEDs at 5500k
- Light mode: constant on
- Flash mode: all 32 LEDs, left 16 LEDs, right 16 LEDs
- Couldn’t be easier - attach, turn on, shoot

### Macro LED Ring Flash
**Features & Benefits**
- Includes 8 lens adapter rings (49, 52, 55, 58, 62, 67, 72, 77mm)
- Powered by readily available AA batteries (not included)
- Choose from clear, yellow, blue or milk white diffusers
- Power-saving display screen

### Super Bright Macro SMD LED Ring Flash & Light
**Features & Benefits**
- 18 super bright SMD LED beads
- Guide number (GN): 21
- Soft, shadow free lighting
- Wide color temperature: 3000K-15000K (with color diffusers)
- Choose from clear, milk, warm, blue diffusers
- Choose between flash or constant light modes
- 3 flash modes - (A) all LEDs, (B) left 9 LEDs, (C) right 9 LEDs
- Tripod mount on LED
- Power saving LCD screen
- Seven brightness levels
- Includes 8 mounting rings (49, 52, 55, 58, 62, 67, 72, 77mm)
- Powered by AA batteries (not included)

### 16 LED Ring Light
**Features & Benefits**
- Fits 7 lens filter thread sizes
- 16 cool-running LEDs
- Color temperature of 5600K
- Battery driven, no cords

### 10 LED Hi-Powered Video Light (6500k)
**Features & Benefits**
- Professional, highly powerful light source, up to 6500k (350 Lux)
- 80° beam spread
- Power dissipation 15W
- Barn doors with diffuser and warming filter
- Adjustable dimmer knob
- Includes European plug adapter

### Mini Rechargeable LED Light Bar
**Features & Benefits**
- 36 LEDs, daylight-type lighting
- Compact enough to take anywhere
- Designed for use with cameras & camcorders
- Special diffuser glass ensures smooth, light dispersion
- Built-in rechargeable batteries + AC charger, video bracket included
- 3 integrate “accessory shoes” let you build a wall of light by combining multiple units

### 36 Bulb LED Infra Red Light Bar
**Features & Benefits**
- Shoot in total darkness thanks to IR LEDs
- Intended for IR compatible camcorders
- Special diffuser lens ensures light dispersion
- Integrated shoe / tripod mount for easy mounting on or off camera
- 3 accessory shoe slots you build a wall of light by combining multiple units
- Features built-in rechargeable batteries
- Compact enough to take anywhere yet powerful enough to provide IR illumination up to 20-30 feet

### 32-LED Video Light
**Features & Benefits**
- Ultra lightweight
- Integrated lithium polymer battery
- Micro USB charging cable
- Compatible with cameras, cellphones, and tablets
3938

Polaroid • LED Lights

144 Ultra High Powered Super Bright LED Camera / Camcorder Video Light With Variable Color Temp.

Features & Benefits
- Pro grade 144 super bright LEDs
- 2 Separate control knobs: 1) variable color temperature control (3200K-5600K), 2) brightness dimmer control (10%-100%)
- Lightweight and stackable
- Use with still cameras and camcorders
- Built-in battery level indicator

NEW

102 LED Dimmable Light

Features & Benefits
- Pro grade super bright 102 LEDs
- Brightness dimmer control
- Mount it on a camera shoe mount with the swivel mounting head
- A unique mounting system allows it to be attached easily to most flashes
- Lightweight and stackable
- Use with still cameras and camcorders
- Uses 5 AA batteries (not included)

256 Bulb LED Light Panel

Features & Benefits
- LED light with 256 high-powered LEDs (3000-6000K temperature)
- Adjustable stepless dimmer for 0-100% brightness total control
- Light run time: 7.2V 4-1000mA battery (included) or AC power supply (included)
- Includes charger for battery
- Includes 2 diffusers/filters: warming & soft
- Includes swivel bounce hot-shoe / tripod mount

5800-6000K PLLLED256

312 High Powered Variable Dimmable Super Bright LED

Features & Benefits
- 312 Super-bright LEDs
- Two Separate Control Knobs
  - Variable color temperature control, 3200K-5600K
  - Brightness Dimmer Control (10%-100%)
- Lightweight and stackable
- Use with still picture cameras and camcorders
- Uses powered Lithium ion batteries
- Can accept 2 Lithium batteries at one time
- Built-in battery level indicator

3200-5600K PLLLED312

5600k PLLLED144

3200-5900K PLLLED500

5500k PLLED600
LED Photo Studio Color Box

Features & Benefits
- LED photo studio helps photographers achieve pro-grade light, color and clarity
- Advanced features include LCD display & silent, comfortable, easy-press buttons
- Powerful LED-driving IC delivers maximum brightness & as much as 93% efficiency
- Infrared remote control & attachable hand grip eliminate need to walk to & fro
- Versatile studio connects to other photo boxes; operates on tripod or handheld

3000-5900k PLLED1000
LED-1000 Studio Light

Features & Benefits
- 1008 cool-running LEDs
- Separate dimmers for 3000K and 5900K LEDs
- For use with video and DSLR cameras
- Inexpensive to operate at just 85 watts
- Includes AC adapter and battery receptacles (batteries not included)

BrightSaber

Features & Benefits
- Professional handheld/mountable LED lighting wand with removable tungsten filter sleeve
- Array of 298 powerful, efficient, low-heat, 5600k LED bulbs rated at >50,000 hours
- Intrinsically integrated, freely rotating, tubular tungsten filter in wraparound design which ensures perfect lighting balance
- Professional-grade LED lamp driver chip enhances consistency & lighting stability also provides up to 93% better efficiency
- Ergonomically designed, 1.7" diameter multi-purpose grip provides maximum comfort during handheld use & has built-in threaded tripod mount for studio setups
- Includes infrared lamp & camera shutter remote; rechargeable battery pack

5600k PLBSP
BrightSaber Pro

Features & Benefits
- Array of 298 powerful, efficient, low-heat, 5600k LED bulbs rated at >50,000 hours
- Intrinsically integrated, freely rotating, tubular tungsten filter in wraparound design which ensures perfect lighting balance
- Professional-grade LED lamp driver chip enhances consistency & lighting stability also provides up to 93% better efficiency
- Ergonomically designed, 1.7" diameter multi-purpose grip provides maximum comfort during handheld use & has built-in threaded tripod mount for studio setups
- Includes infrared lamp & camera shutter remote; rechargeable battery pack

BrightSaber Travel Portable Light Wand

Features & Benefits
- 98 high-powered LEDs deliver maximum illumination and instant-on
- 3D power settings provide perfect control of light output with incomparable precision
- 4 included color filters enable you to achieve exact color temperatures for all your shots
- Easy disassembly into storable pieces makes this an ideal light wand to bring on the road
- 50,000 hour LED life means amazing, perfectly lit photos and videos for years to come

5500k PLBTRA
BrightSaber Pro

Features & Benefits
- Array of 298 powerful, efficient, low-heat, 5600k LED bulbs rated at >50,000 hours
- Intrinsically integrated, freely rotating, tubular tungsten filter in wraparound design which ensures perfect lighting balance
- Professional-grade LED lamp driver chip enhances consistency & lighting stability also provides up to 93% better efficiency
- Ergonomically designed, 1.7" diameter multi-purpose grip provides maximum comfort during handheld use & has built-in threaded tripod mount for studio setups
- Includes infrared lamp & camera shutter remote; rechargeable battery pack

Polaroid • LED Lights
Polaroid • SLR / Video Mounts

Tripod Dolly
Features & Benefits
- Adjust to fit most tripods
- Quick, easy setup and take down
- Foot operated wheel locks
- Convenient carry handle
- Lightweight aluminum construction
- Steady shots with still cameras & camcorders
- Includes carrying case

11” Articulating Arm
Features & Benefits
- Geared mounting flexibility
- Single point locking mechanism
- Fits on any standard shoe mount

Rolling Mini Dolly Stabilization System
Features & Benefits
- Heavy-duty aluminum platform
- Camera-protecting pads
- Four 1/4-20 threaded holes for optional accessories
- Adjustable-length telescoping handle
- Adjustable and lockable steering wheels for true roll

Video Bracket
Features & Benefits
- Unique design adds stability to all kinds of video cameras from HD-SLRs to mini-digital
- Angled lighting shoe ensures even, natural illumination
- Molded grip is ergonomically designed to add stability
- Lightweight construction and compact footprint for easy portability
- With 2 shoe mounts

Flip Mount Bracket / Dual Folding Bracket
Features & Benefits
- Eliminates red-eye & harsh shadows
- Unique “flip” arm allows for multiple flash positions & dramatic lighting effects
- Foam comfort grip + ergonomic design ensures fatigue-free use
- Durable all metal construction

Bounce Swivel Shoe Mount
Features & Benefits
- Combines 180 degrees front to back tilt with full 360 degrees rotation to turn virtually any lighting source into a lighting studio
- Standard shoe mount
- Designed to accept all standard flash units and video lights
- Built-in ripod thread for use with remote lights and slaves
- Large molded locking screws keep lights in place

24-Inch Rail Track Slider Video Stabilization System For SLR Cameras and Camcorders
Features & Benefits
- High quality black anodized smooth linear rail system
- Black anodized slider carter with bubble level
- Compound friction bearings for low noise tracking
- Adjustable feet for leveling

O - Ring Shaped Dual Bracket With 2 Standard Shoe Mounts
Features & Benefits
- Adjustable length camera mount
- Neatly 180° of flash
- Adjustment used with or without your tripod
- Puts more light in more places & great for macro (close up) photography

V - Shaped Bracket
Features & Benefits
- Constructed of lightweight solid aluminum
- Attaches easily to any camera or camcorder shoe mount 1/4” thread attachment allows you to mount it on standard light stands & tripods
- Features 2 standard shoe mounts. Provides 2 accessory shoes

Sure-GRIP Professional Camera / Camcorder Action Stabilizing Handle Mount For Canon
Features & Benefits
- Fits most compact cameras and camcorders with a standard 1/4-20 thread
- Designed with a sure-grip cushioned padded handle to alleviate the stress of lengthy filming
- High-grade abs impact-absorbent plastic
- Shoe mount (removable) for video lights, flashes, or microphones
- Variable position camera mount
- Easy, simple and fun to use

Multi Purpose Lighting Bracket
Features & Benefits
- Designed for ultra-compact digital cameras and conventional camcorders/cameras
- Angled lighting shoe ensures even lighting
- Ergonomically designed molded grip
- Two mounting systems
- Swivel ball head with standard 1/4-20 threaded mount
- Side-mounted accessory shoe
- Lightweight construction for easy portability
- Attach video lights, flash guns, microphones, video monitors

**Video Shoulder Mount**

**Features & Benefits**
- Dual-braced design provides hands-free stability even when shooting action
- Thick padded foam contact points for comfort, even during long shoots

**PLVM**

---

**Video Stabilizer for GoPro® Action Cameras, Smartphones, Small SLRs & Camcorders**

**Features & Benefits**
- Provides smooth & accurate stability and reduces camera vibration during video recording
- Lightweight aluminum alloy and steel construction
- Rubberized non-slip mounting surface
- Built-in bubble level for precise balancing
- Comfortable foam-covered hand grip
- Includes three steel counterweights
- Includes universal phone holder and GoPro® action camera mount

**PLSTA10**

---

**Video Chest Stabilizer Support System For DSLR Cameras & Camcorders**

**Features & Benefits**
- Simple to use, sets up in seconds
- Provides stable, one-handed camera / camcorder support
- Heavy-duty aluminum construction
- Shoulder brace reduces camera shake and vibrations
- Smoother panning and tilting for videographers
- Lightweight, portable and supports up to 20 lbs.

**PLSTA18**

---

**Camera & Camcorder Dual-Grip Chest Stabilizer**

**Features & Benefits**
- High-quality, lightweight aluminum construction
- Industry standard 15mm rod system
- Dual hand grips
- Easy push-button camera removal

**PLSTA20**

---

**Power Handgrip For GoPro Cameras & Digital Cameras**

**Features & Benefits**
- Rechargeable 6,000mah battery in handle delivers power to your device
- Comfortable & ergonomic handgrip enhances stability for video capture
- Includes camera mount adapter & camera protective case compatible with GoPro Hero 3/3+/4 cameras
- ⅜-20 tripod threaded mount also included for easy mounting
- Micro USB & mini USB cables included to accommodate range of devices and adjustable width strap for easy carrying
- Can be mounted on tripod or stand via the built-in ⅜-20 threaded hole

**PLPG**

---

**Motorized Follow Focus & Zoom Control Shoulder Rig for DSLR Cameras**

**Features & Benefits**
- Unique battery-powered drive system delivers precise focus & zoom controls
- Integrated thumb switches offer full lens control while you maintain firm grip
- Smooth, seamless speed variables keep video footage sharp & shake-free
- 3 sets of gears accommodate most lenses w/70-96mm outer diameters
- Rechargeable battery, plug-in charger & assembly instruction CD included

**PLMFZR**

---

**Steady Stabilizer System**

**Features & Benefits**
- Lightweight aluminum construction
- Supports cameras up to 2.3 pounds
- Spilt level and hand stabilizer
- Multi-position counterweight
- Unique gimbal system for smooth camera motion

**PLSTA72**

---

**Professional Camera Stabilizer**

**Features & Benefits**
- Super-smooth gimbal
- Built-in split level
- Includes main counterweight and three add-on weights
- Comfortable hand grip
- Two-way adjustable mounting plate for precise balancing

**PLSTA72P**

---

**Professional Stabilizer System**

**Features & Benefits**
- High-quality, lightweight aluminum construction
- Industry standard 15mm rod system
- Dual hand grips
- Built-in mounting capability for optional accessories

**PLSTA96**

---

**Matte Box**

**Features & Benefits**
- Easy to use
- Attaches to industry standard 15mm rod systems
- Designed with vertical adjustment slot

**PLSTA96MB**

---

**Follow Focus**

**Features & Benefits**
- High-quality, lightweight aluminum construction
- Attaches to industry standard 15mm rod systems
- Slip-free accurate movement
- Includes adapter for gearless lenses

**PLSTA96FF**

---

**Handheld 3-Axis Electronic Gimbal Stabilizer for GoPro Hero 3/3+/4 Action Cameras**

**Features & Benefits**
- Electronic 3-axis gimbal stabilizes GoPro cameras in real time for sharp footage
- Super-smooth panning & tilting motions eliminate unwanted vibrations
- 3 rechargeable lithium polymer batteries & plug charger are included
- Supports GoPro Hero cameras with and without an LCD BacPac
- Lightweight for easy use & transport
- Included mounting ring & screw make installation quick, easy & secure
- Weighs just 11.43 ounces (32.76 w/batteries); measures 9.25” x 3.94” x 3.5”

**PLHGGP**

---

**Steady Stabilizer System**

**Features & Benefits**
- Lightweight aluminum construction
- Supports cameras up to 2.3 pounds
- Spilt level and hand stabilizer
- Multi-position counterweight
- Unique gimbal system for smooth camera motion
- Works with camcorders, DSLRs, and compact digital cameras

**PLISTA96**

**Wireless Trigger Remote**
- Features & Benefits:
  - 15 Foot range
  - Sophisticated IR technology for instantaneous response
  - Great for time-exposures or other situations that may cause camera shake

**Hot Shoe Cord**
- Features & Benefits:
  - Synchronizes camera flash functions including TTL
  - Ideal for use with brackets, light stands etc.
  - Great for eliminating red eye & creating dramatic lighting effects
  - Heavy duty coiled cable

**Remote Cord with Interval Timer**
- Features & Benefits:
  - Set timer delays & intervals
  - Backlit LCD display
  - Take photos without camera shake
  - Great for time-lapse recording

**Wireless Flash Triggers**
- Features & Benefits:
  - 2.4GHz range up to 300 ft
  - Wirelessly synchronize multiple flash units
  - 99 channels for interference-free operation

**RC-6 Wireless Remote Shutter Release**
- Features & Benefits:
  - Wireless camera operation — trigger the camera's shutter release remotely from a distance
  - Eliminates vibrations caused by physically pressing the shutter release
  - Operating range — up to 36 ft
  - Replaces Canon RC-5 & RC-6

**Camera Battery Grip**
- Features & Benefits:
  - Effectively doubles your shooting time
  - Vertical fire release

**SelfieDisc Enhanced IR Remote Shutter Release**
- Features & Benefits:
  - Quarter-sized, IR-based remote shutter remotely snaps photos, starts/stops video recording
  - App-based controller, enhances remote shutter’s RC capabilities
  - Allows for delay, intervalometer for time-lapse, animation, etc.
  - Other effects app controls the remote shutter via Bluetooth
  - Includes FREE protective silicon bumper case, button cell battery & camera hanging strap

3 Piece Multi-Coated Filter Kit

**Features & Benefits**

- UV Protective Filter: Prevents loss of sharpness and contrast by filtering out UV rays. Protects lens from scratches, scuffs and smudges.
- CPL Circular Polarizer Filter: Reduces glare and takes total control of color saturation. Makes skies bluer and grass greener—even on-location.
- FLD Fluorescent Filter: Eliminates that annoying greenish “tinge” that fluorescent lights add to photos.

**Neutral Density 9 Filter**
- Neutral Density 9 Filter: Reduces the amount of light that reaches your lens without affecting color integrity. Allows for slower shutter speeds and wider aperture settings.

**Soft Focus Filter:**
- Ideal for portraits as it softens blemishes and wrinkles while maintaining consistent exposure.

**Revolving 4 Point Star Filter:**
- Adds a dazzling 4 pointed “Star” effect to any light source. With the revolving filter you can turn and adjust the filter to your desired results.

**Warming Filter:**
- When it comes to turning a drab dusk into a stunning sunset or turning subtle skin tones into stunning skin tones, this is the filter you will need.

**Neutral Density Pro-Grade 3-Piece Photography Filter Set**

**Features & Benefits**
- 3-piece set includes ND3, ND6 & ND9 filters
- Neutral density pro-photography grade keeps hues of colors 100% true
- Double-threaded design enables easy stacking of filters and accessories.

**Close-Up Lens Kit**

**Features & Benefits**
- Decreases the minimum focusing distance of virtually any lens to macro levels.
- UV Protective Filter: Prevents loss of sharpness and contrast by filtering out UV rays. Protects lens from scratches, scuffs and smudges.
- CPL Circular Polarizer Filter: Reduces glare and takes total control of color saturation. Makes skies bluer and grass greener—even on-location.
- FLD Fluorescent Filter: Eliminates that annoying greenish “tinge” that fluorescent lights add to photos.

**Neutral Density Pro-Grade 3-Piece Photography Filter Set**

**Features & Benefits**
- 3-piece set includes ND3, ND6 & ND9 filters
- Neutral density pro-photography grade keeps hues of colors 100% true
- Double-threaded design enables easy stacking of filters and accessories.
### Neutral Density Filter - ND 0.9
- **Features & Benefits**
  - Eliminates oversposed & washed-out images
  - Lets you use larger aperture settings
  - Keeps your subject in focus while blurring background/foreground even in bright light
  - Will not effect color or detail of scene

### Neutral Density ND2-2000 Camera Filter
- **Features & Benefits**
  - Offers 2-2000 stops of neutral density
  - Smoothly rotates to whatever density you need
  - Multi-coated glass construction
  - Holds optical quality at all settings
  - Does not affect coloration of the photo

### Circular Polarizer Filter
- **Features & Benefits**
  - Offers 2-2000 stops of neutral density
  - Fast and easy to use
  - Smoothly rotates to whatever density you need
  - Multi-coated glass construction
  - Holds optical quality at all settings
  - Does not affect coloration of the photo

### Infrared X-Ray Filter
- **Features & Benefits**
  - permits a 49.5-58mm viewfinder
  - Dark tinted car windows and sometimes even in total darkness
  - Camera can sometimes see things completely invisible to the human eye

### Macro Reverse Ring Camera Mount Adapter
- **Features & Benefits**
  - All metal construction
  - Smooth surface for effortless mount
  - Extreme macro close-up results

### Multi-Coated Variable Range Neutral Density Filter - 6 Filters in 1
- **Features & Benefits**
  - Use larger aperture settings in bright light, permitting a shallow depth of field and beautiful background blue
  - Will not effect the color or detail of a scene
  - Eliminates oversposed & washed out images
  - Filters in 1: Variable range: ND3, ND4, ND8, ND16, ND32, ND64

### Filter Wrench
- **Features & Benefits**
  - Lightweight flexible plastic construction
  - Assists with the removal of stubborn filters
  - Designed not to scratch

### Neutral Density Filter - ND 0.6
- **Features & Benefits**
  - Eliminates oversposed & washed-out images
  - Lets you use larger aperture settings
  - Keeps your subject in focus while blurring background/foreground even in bright light
  - Will not effect color or detail of scene

### Protective Filter
- **Features & Benefits**
  - Protects lens from scratches, scuffs and smudges
  - Picture perfect results

### Polycarbonate UV Filter
- **Features & Benefits**
  - Absorbs ultraviolet light
  - Absorbs ultra violet light

### Multi-Coated UV Protective Filter
- **Features & Benefits**
  - Prevents loss of sharpness and contrast by filtering out UV rays and haze
  - Protects lens from scratches, scuffs and smudges
  - Picture perfect results

**Features & Benefits**
- Umbrellas soften, broaden, and diminish the light output of any (flash) light source
- Opens and closes like a traditional umbrella
- Umbrella can be used as a bounce light source
- Includes a clear plastic storage sleeve

**Plextec**
- 33’ White Translucent Umbrella: PLSEWBU33
- 43” White Translucent Umbrella: PLSEWBU43
Collapsible Circular Reflector Disc, Gold/Silver Includes Deluxe Carrying Case

Features & Benefits:
- Creates smooth, even reflections and gives you control over your light source.
- Made from high-quality material.
- Comes with a protective case for easy storage.
- Compact, folds into a circular disk 1/3 of its open size.
- Ultra lightweight, steel band.
- Colors: silver, gold.

Collapsible Circular Reflector Disc, White/Silver Includes Deluxe Carrying Case

Features & Benefits:
- Creates smooth, even reflections and gives you control over your light source.
- Made from high-quality material.
- Comes with a protective case for easy storage.
- Compact, folds into a circular disk 1/3 of its open size.
- Ultra lightweight, steel band.
- Colors: silver, white.

5-In-1 Collapsible Circular Reflector Disc, Gold, Silver, Black, White & Translucent Includes Deluxe Carrying Case

Features & Benefits:
- Creates smooth, even reflections and gives you control over your light source.
- Made from high-quality material.
- Comes with a protective case for easy storage.
- Compact, folds into a circular disk 1/3 of its open size.
- Ultra lightweight, steel band.
- Colors: black, silver, gold, white, translucent.

Empty Saddle Sandbag For Light Stands

Features & Benefits:
- With its two wings, it allows you to drape it over light stand legs.
- Double zippered.
- Heavy-duty hand strap.
- Includes large hook for easy attachment.
- Fabric is water-resistant. (10" x 20")

8’ Air-Cushioned Heavy Duty Light Stand

Features & Benefits:
- Molded aluminum construction.
- Air cushion stands.
- Holds up to 15 lbs.
- Non-slip tips on each leg to prevent movement.
- Folds up quickly and easily.

8’ Air-Cushioned Heavy Duty Light Stand - Boom & Universal Reflector Holder + Deluxe Pro Carrying Case

Features & Benefits:
- With its two clips, it is adjustable to hold reflectors from 22” to 40”.
- It is adjustable, easy to swivel and rotate for precise position.
- This can be used as well as a light stand and will extend to 8’.
- The air cushioned feature saves equipment and fingers from harm.
- Includes pro carrying case.

Digital Flash Umbrella Mount Kit

Features & Benefits:
- This Polaroid digital flash umbrella mount kit includes:
  - Two (2) 6’ air cushioned heavy duty light stand - molded aluminum construction, air cushion stands, holds up to 15 lbs.
  - Non-slip tips on each leg to prevent movement.
  - Folds up quickly and easily.
  - Two (2) white satin interior umbrellas with removable black cover - umbrellas soften, broaden, and diminish the light output of any flash light source.
  - Two (2) shoe mount umbrella adapters - fits most standard light stand tops, cold shoe holds most shoe-mount flashes.
  - Pro case included.

Shoe Mount Umbrella Adapter

Features & Benefits:
- Fits most standard light stand tops.
- Cold shoe holds most shoe-mount flashes.

Polaroid • Studio Accessories
Table Top Lighting Studio Kit

Features & Benefits

An all-in-one photo studio that's easy to set up and easy to transport. Everything you need to take professional studio-quality images. Softens shadows caused by your camera's direct flash. **Features & Benefits**
Streamlined, yet roomy design perfect for travel and on-location use
- Custom cube pre-cut foam lets you easily customize case interior to perfectly fit and protect your camera or camcorder
- Lightweight aluminum alloy/pvc construction
- Aluminum alloy frame, dual key locks and high impact pvc panels keep contents safe and secure
- Removable reinforced carrying strap
- Outside Dimensions: 12” x 10.25” x 5.13”
- Inside Dimensions: 12.38” x 9.63” x 4.5”

Holster Bag for DSLR Camera

**Features & Benefits**
- Made out of durable waterproof 600D vinyl backed polyester
- Lightweight carrying comfort
- Closed-cell foam for optimal camera protection
- Carrying options: belt loop, handle, adjustable/removable shoulder strap
- Fiery-red interior for low-light conditions – with zippered mesh pockets
- Accommodates DSLR Camera

Holster Bag for DSLR Camera with 18-55mm "Kit" Lens

**Features & Benefits**
- Made out of durable waterproof 600D vinyl backed polyester
- Lightweight carrying comfort
- Closed-cell foam for optimal camera protection
- Carrying options: belt loop, handle, adjustable/removable shoulder strap
- Fiery-red interior for low-light conditions – with zippered mesh pockets
- Accommodates small DSLR with 18-55mm “kit” lens attached

Foam-Padded Shoulder Bag for Mirrorless Camera and up to 2 Lenses

**Features & Benefits**
- Made out of durable waterproof 600D vinyl backed polyester
- Lightweight carrying comfort
- Closed-cell foam for optimal camera protection
- Carrying options: belt loop, handle, adjustable/removable shoulder strap
- Zippered front pocket
- Accommodates mirrorless/telezoom camera, 1 additional lens and a flash

Elite Series Deluxe Premium SLR Camera Bag

**Features & Benefits**
- Sleek design
- Sturdy construction
- Dividers for custom fit
- Removable shoulder strap
- Carrying handle
- 3 outside pockets
- Webbed inside pocket
- Inside dimensions: 10.75”(L) X 5.25”(W) X 6.75”(H)
- Outside dimensions: 14”(L) X 6.75”(W) X 8.25”(H)
**Microfiber Cleaning Cloth With Storage Pouch**

**Features & Benefits**
- Dust & smudge removing microfiber cloth
- Self locking attachment clip
- Snap closure storage pouch

---

**Compact Backpack for Amateur Photographers**

**Features & Benefits**
- Made out of durable waterproof 600D vinyl backed polyester
- Lightweight carrying comfort
- Shoulder strap have anti-slip rubberized feature
- Neoprene Adjustable Wrist Strap
- Quick disconnects allow the camera removal without removing the strap from your wrist
- Both wrist and strap are fully adjustable
- Extra secure, double rivet construction
- Front zippered pocket for accessories

---

**Neoprene Adjustable Wrist Strap**

**Features & Benefits**
- Resilient neoprene construction
- Quick disconnects allow camera removal without removing the strap from your wrist
- Both wrist and strap are fully adjustable
- Extra secure, double rivet construction
- Front zippered pocket for accessories

---

**Features & Benefits**
- Made out of durable waterproof 600D vinyl backed polyester
- Lightweight carrying comfort
- Shoulder strap have anti-slip rubberized feature
- Neoprene Adjustable Wrist Strap
- Quick disconnects allow the camera removal without removing the strap from your wrist
- Both wrist and strap are fully adjustable
- Extra secure, double rivet construction
- Front zippered pocket for accessories

---

**Neoprene Adjustable Cushioned Neck Strap**

**Features & Benefits**
- Adjustable length strap
- Resilient neoprene anti-slip material, yet easy on your neck
- Convenient quick disconnects allow the camera to separate from the strap without removing it from your neck
- Soft, elastic neck band attaches to cameras with two mounting points

---

**Wrist Strap & Neck Strap Combo Kit**

**Features & Benefits**
- 4 Straps, 2 colors
- Replaces lost or worn camera straps
- Protects your camera from accidental falls
- Contains 2 wrist straps and 2 neck straps
Snap Mount Lens Cap

**Features & Benefits**
- Made of durable plastic composite
- Provides secure protection for your lenses & filters
- Compatible with all lenses which accept threaded lenses
- Filter thread of lens must be the same mm as the snap mount

Scalloped Lens Hood Screw-On

**Features & Benefits**
- Can be used with virtually any threaded filter or lens barrel
- Unique scalloped design prevents lens flare while protecting lens and improving contrast & image quality

Camera Body Cap

**Features & Benefits**
- Designed to fit SLR camera lenses
- Body cap will protect your camera’s delicate sensor from dust and dirt when a lens is not mounted
- Made of high impact plastic for extra durability

T-Mount Adapter

**Features & Benefits**
- An accessory ring available in most popular mounts which converts the lens mount of your DSLR camera to a T-mount.

Domed White Balance Lens Cap

**Features & Benefits**
- Works with any brand lenses
- Replaces Regular Lens Cap: With the white balance lens cap, you get 2 items in 1 - a lens cap and a white balance card
- Consistent Results: Having the white balance reference as close to the lens means the white balance will be consistent each time
- Integrated Center Lock: The lens cap features the classic center lock mechanism found on most lenses to keep the lens protected when not in use

Rear Lens Cap

**Features & Benefits**
- Designed for SLR camera lenses
- Rear lens caps are for protecting the rear mount of your lenses from accidental scratches or impact when not attached to the camera
- Made of high impact plastic for extra durability

Polaroid • Cleaning Accessories

5 Piece Cleaning Kit

Features & Benefits
- Multipurpose cleaning kit for digital cameras & camcorders
- Contains five essential cleaning items for camera/camcorder maintenance
- Cleans dirt, dust, and fingerprints from lens & LCD monitor
- Conveniently stores in any carry case
- Kit includes a soft-fleece fiber cloth, 5 cotton swabs, a bottle of cleaning fluid, soft lens tissue paper, and a top quality blower brush

Original LensPen® Cleaning Kit

Features & Benefits
- Includes LensPen® & mini pro ii for easy and effective cleaning of anything from eyepieces to optics
- Microfiber cleaning cloth for residue-free cleaning and touch-ups of housings, exteriors of cameras, lenses, flash units, and more
- LensPen® cleaning tips are self-replenishing so they don’t spill or dry out
- Patented dry carbon compound removes fingerprints and other residue without leaving impurities that may damage contacts, mounts, etc.
- Specialty treated anti-fog cloth

Super Blower

Features & Benefits
- Oversized silicon bulb produces a powerful blast of air with every squeeze
- Environmentally friendly—it does not use liquids or compressed air or other consumables
- Bight colors for high visibility

Original "Lens-Pen" Cleaning Pen

Features & Benefits
- Safe for all lenses
- Long life—up to 500 uses
- Patented dry carbon compound
- Environmentally friendly
- Outperforms all other cleaning devices
- Unique self-replenishing tip
- U.S. SALES ONLY

Pistol Grip All-in-1 Cleaning System

Features & Benefits
- Lens cleaning pen with half-inch surface pad
- Includes cover to keep pen’s pad clean
- Integrated air blower easily removes dust
- Ergonomic pump design for either hand
- Convenient strap loop for wrist/hanging
- Made of eco-friendly rubber

4-LED Lighted & Motorized Sensor Cleaning Pen

Features & Benefits
- Super-Soft Bristles Gently Remove Dust, Dirt & Debris from Camera Sensor
- Lightweight Motor Spin Function for Removing Impurities from Bristles Before/After Cleaning
- 4 Super-Bright Built-in LED Bulbs Illuminate Camera Sensor for Better Visibility
- Ergonomic Grip Design Enables You to Spin Pen in Hand and to Clean Sensor Motor
- Is Rated at 90mW & Powered by 2 AAA-Size Batteries (Not Included)

6-LED Illuminated Sensor Loupe with 10x Magnification

Features & Benefits
- 10x magnification provides exceptionally detailed view of camera sensor
- 6 ultra-bright LEDs illuminate camera lens for easier identification of debris
- High definition multicoated optical glass reduces chromatic aberrations
- Loupe’s LEDs are powered by two CR2032 single cell batteries (included)
- Measures 2 x 2 x 1 inches; weighs just 2 ounces (54 grams)
